Intro: | | | | | **(X2)**

La - dy, morning's just a moment a-way, and I'm with-out you once a-gain

You laughed at me. You said you never needed me. I wonder if you need me now

So many dreams that flew away, so many words we didn't say

Two peo - ple lost in a storm. Where did we go? Where'd we go?

We lost what we both had found. You know we let each other down

But then, most of all, I do love you.....still

Interlude: Same as first line

We played the games that people play. We made our mistakes along the way

Some-how, I know deep in my heart, you needed me

'Cause I need - ed you so desperately. We were too blind to see

But then, most of all, I do love you.....still
